Chamber of Commerce Will Bring Santa to Town Sat.

John L. Horan, Executive Secretary of the Chamber of Commerce, recently announced that arrangements are being made for Santa's visit to Antioch on Saturday, Dec. 2. Santa Claus will be picked up in the morning and ride in a fire department jeep, arriving at the corner of Main and Lake streets at 10:30 a.m. and for the balance of the day his headquarters will be the former DX filling station office, where children are invited to visit with Santa and receive their annual Christmas candy, with the season's greetings from Antioch merchants. The chamber has also offered up this year the bright and cheerful decorations of candy canes, green wreaths and Christmas lights which were put up by the village Tuesday, Nov. 28. Since the costs for newspaper and radio advertising, cost of repairs and the putting up of street decorations and the Santa Claus trip, plus the cost of the children's candy was considerable, John L. Horan asked that all merchants contribute a \$10 amount to offset expenses.

Michael Marchuk Dies of Injuries

Requiem Mass was said Monday, Nov. 27, in Chicago for Michael F. Marchuk, 41, of Camp Lake, Wis., who died of injuries he received in an automobile accident last Wednesday, Nov. 22, near Lake Geneva. Mr. Marchuk suffered an apparent heart attack while driving and lost control of his car, which ran off Powers Lake Rd., a half mile west of Kenosha County line, and rolled over.

Friends called at the Colonial Funeral Home Friday, where the Rosary was recited at 8 p.m. The body was taken to a Chicago funeral home, where friends called until Mass. Mass was said at 10 a.m. in St. James Church with burial in St. Adalbert's Cemetery, Niles.

Mr. Marchuk was born Sept. 24, 1920 in Chicago and moved 15 years ago to Camp Lake where he operated a countryside resort. He served in the Marine Corps during WW II in the South Pacific. He was a member of a VFW Post in Chicago and of the Lafayette Council K of C in Chicago.

Surviving are his widow, Albina, two sons, Michael and James, his parents, Nicholas and Ann Marchuk of Chicago, and three brothers, John, Leo and William, all of Chicago.

James Herbert Wins Promotion

James F. Herbert, Rt. 5, Box 324, Antioch, has been appointed an agent for the Allstate Insurance Companies, it was announced recently by H. W. Finch, Illinois Regional Sales Manager.

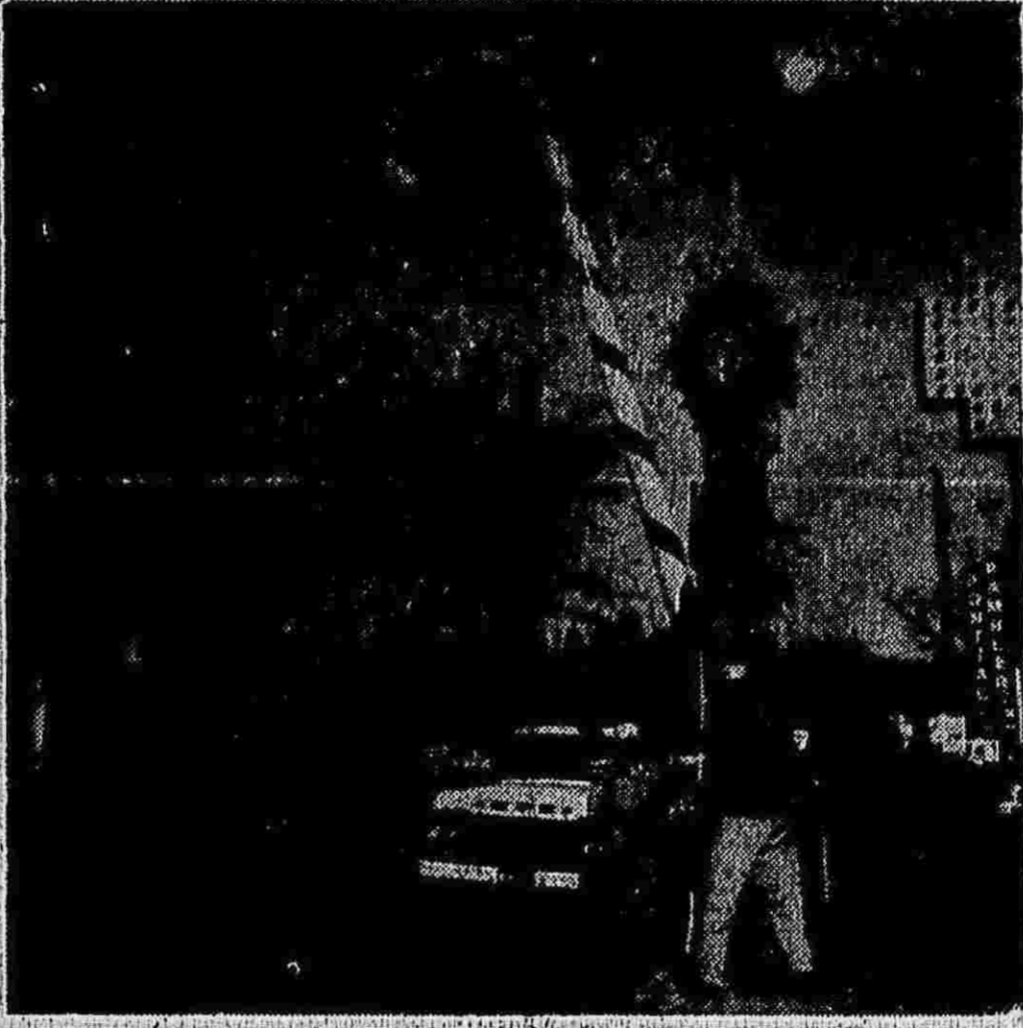

James Herbert

In his new position, Herbert has joined other agents to provide policy sales and service from the office in the Sears Store at 14 N. Ayer, Harvard, and 1303 Richmond Rd., McHenry. His appointment represents an expansion of the Allstate agency force in the area.

A native of Chicago, Herbert was graduated from St. John's Military Academy and Worsham College. He has completed an intensive professional training course at Allstate's Midwest Zone training center.

He was previously employed at L. N. Place in Lake Villa, Illinois. Herbert and his wife, the former Audrey Kovar of Riverside, have two children, James, age 7, and Lynda, age 6.

Looking good enough to eat are the candy canes now adorning Antioch's streets. The Antioch Chamber of Commerce was responsible for refurbishing the canes with a new coat.

Pictured above are The Frank G. Hough Co. Vocalists who will be appearing at the Antioch High School on Wednesday, December 6, at 8:00 p.m. The musical is being sponsored by The Community Methodist Church of Lake Villa, Illinois.

Hough Singers Present Program

The Community Methodist Church of Lake Villa will present the Frank G. Hough Co. Vocalists in an hour-long musical on Wednesday, Dec. 6, at 8 p.m. at the Antioch High School Auditorium.

The Vocalists, under the direction of Mr. Arthur Quinn of Chicago, will feature such songs as "I've Got My Love to Keep Me Warm," "Twas the Night Before Christmas," "Holiday Polka," "Jesus Was a Baby Once," and many other seasonal songs. Also appearing with the Vocalists will be the Martin Sisters (a trio from Lake Villa), the Octaves (a group of eight singers well known throughout Lake County), and a new group called the Four of Us, a barber-shop quartet which made a big hit at the Vocalists Spring Show last year in Libertyville. Accompanist for the Vocalists will be furnished by the Art Quinn Quartet.

The Vocalists, organized in 1950, have appeared before many groups throughout Lake County; and, each year present two annual musicals in Libertyville for the benefit of organizations that provide guidance and recreation for the youth of the Libertyville-Mundelein area.

Some of the accomplishments of the Vocalists have been their appearance on WGN Radio, Bill Evans Show, Chicagoland Fair, Wilmette Bowl, WREX-TV, WBKB-TV, and WKRS radio in Waukegan. So be

Voters Are Urged By Both Candidates To Vote Dec. 5

An undisturbed air of quiet is present in the build-up toward the election of our Police Magistrate this coming Tuesday, Dec. 5. Little has been heard from the camps of both Herbert W. Horton and Rudy Eckert, the two contestants for the post.

On interviewing Rudy Eckert an Antioch reporter was informed that "This is something new for me,

but if I win I will perform my duties to the best of my abilities." Eckert has for the last 27 years been the proprietor of the Gamble Store in Antioch. He is married and has two boys. The oldest boy, Paul, is married. The younger, Ralph, is a freshman at the University of Wisconsin Extension in Kenosha.

Eckert, who is 57, was born in Burlington, Wisconsin. He is listed as a member of the Chamber of Commerce, Lions Club, St. Peter's Church, the Holy Name Society and the Knights of Columbus. In not having a service record he stated: "I was too young for World War I and too old for World War II."

The position of Police Magistrate is the first public office sought by Eckert.

Herbert W. Horton, 50, stated that in the race he feels he would be "an asset to the village. I think I can do a good job," he further stated, "and I have experience as a constable." Horton has served as a constable from 1957 to 1961.

Born in Chicago, Horton moved to Antioch in 1945 shortly after being discharged from the Marine Corps, where he saw action during World War II. Horton, who had been 38 months in the Marine Corps, served with the 1st and 5th divisions at Guadalcanal, Iwo Jima and other Pacific battles.

Horton has been a Borden distributor since 1949 in Antioch. He is married and has three sons.

"If I receive the job," Horton said, "I'm going to run the office the way it should be run and not the way somebody tells me to do it. It is an important job if someone takes it that way. Previously, it has been taken too lightly." He is in favor of an enforced curfew.

During the course of his interview, Horton urged the people to "get out and vote."

Horton, who had been a professional football player with the Cardinals during the 30's, ran as an independent candidate for Magistrate against the ticket in April of this year.

The special election for Police Magistrate will be held at the Village Hall, 875 Main Street, on December 5. The term of office will expire April 30, 1965. The election will be open at 6 o'clock in the morning and will be continued open until 6 o'clock in the afternoon.

The Antioch News urges all responsible residents to turn out and vote for the man of their choice.

Sheriff Captures Meatball Thieves

The Lake County Sheriff's office reported that Tony's Pizzeria, located on Rte. 173 was burglarized Monday morning, Nov. 27. The proprietor, Tony Estragula, had closed the diner at 11:45 Sunday and opened again at 8:45 Monday.

Upon opening the diner Monday, it was found that burglars had tried to admit themselves by the front door but failed after breaking a small pane of glass. They had, it was discovered, finally gained admittance to the establishment through a window in the rest room. The burglars had ransacked the kitchen and had broken into the cigarette and juke box machines, taking the coins therein. Two trays of assorted meats including meatballs were also taken, the Sheriff reported.

After a quick investigation, the Sheriff reported that three Chicago youths living at Smith's Resort, John Schuezer, Robert Bombin and Isador Zellizkes were suspected. A search warrant was obtained and a thorough examination of their quarters ensued.

Deputies discovered that 6 cartons of cigarettes, 2 pans of meatballs and \$6.20 were in the youths' possession.

The owner of the pizzeria was summoned and, after he had identified the two pans and the meatballs, a warrant was issued the youths by the Sheriff's office. They will be charged with burglary before Judge Stratton in Waukegan.

Local Crimes Are Increased

The Lake County Crime Commission has today released figures prepared from reports by Police Chiefs in Lake County representing 80% of the County showing the incidence of various major crimes in Lake County during 1960 and the percentage of cases solved. This report shows that over 4,000 instances of burglary, robbery, larceny and auto thefts in the County during 1960. On a per capita basis, there are twice as many instances of major crimes in Lake County than there are in Rockford and 15% more instances than there are in Peoria. Compared to Chicago, Lake County has only 41% as high an incidence of crime per capita.

In discussing the figures, Mr. John Haugen of Highland Park, president of the Lake County Crime Commission pointed out that of over \$550,000 of stolen property reported in 1960, only 39% was recovered.

Statistics based on areas representing 80% of the Lake County population of 290,000 were also released in detail.

Homicides 7—solved 85%; Rape—85—solved, 62%; Robbery 90—solved 50%; Burglary 1042—solved 30%; Auto Theft 332—solved 77%; Aggravated Assault 97—solved 87%.

Native Sailor Serves In Pacific Maneuvers

COAST OF CALIFORNIA—Joseph Zelen, 20, son of Mr. and Mrs. Paul T. Zelen, Jr., of Rte. 3, Antioch, Ill., while serving aboard the destroyer U. S. S. Brown, participated in a large-scale Navy and Marine Corps training exercise observed by Admiral George W. Anderson, Chief of naval operations, on Nov. 18, off the coast of Southern California.

The admiral observed the at-sea phase of the exercise from the attack aircraft carrier USS Kitty Hawk and went ashore by helicopter to watch the amphibious landing in the Camp Pendleton area near Oceanside, Calif. It was his first opportunity to see the Pacific Fleet in action since assuming the Navy's top post last August.

Zelen, who enlisted in the Navy in September of 1959, is a graduate of Antioch High School.

Merchants Decide on Dec. 1 To Start Christmas Hours

With the Christmas holidays rapidly approaching, the merchants of Antioch are beginning to prepare for the consumer rush on their stores. Windows are being re-decorated with the yuletide fare and decorations adorn the streets.

A little buzz of excitement fills the air and everybody, of course, is busy making out their Christmas lists.

In keeping with their efficient customer service, the businesses and stores of Antioch have decided, almost unanimously, to open their

stores for the Christmas shoppers from 9 to 9, starting Friday, Dec. 1. Twenty-one stores, answering to the Antioch Newspaper poll, are corresponding to the Dec. 1 date. They are Barnstable's Department Store, Keulman's Jewelry, Erickson's Sewing Center, Gibbs & Jensen Sporting Goods, The Jewel Box, Klass Men's Store, Lor-A-Lyn Petite Modes, Marianne's, Town for Men and Boys, Towne Variety, Wilton Electric Shop, Williams V & S Hardware, Shoes by George, Ace Hardware, Modern Living, Candy

Lane, Western Tire & Auto, Gamble Store, Ben Franklin, The Trading Post, and Economy TV.

The Record Nook plans to start staying open Dec. 8. Taylor's Shoes and the Tot Shop will begin to stay open Dec. 11, along with Olsen Furniture. Martin's Highway will open Dec. 15 from 9 to 9.

Those maintaining regular hours this year are The Antioch Firestone Store, Antioch Liquor, Art's Paint Store, Ken's Outlet, Candids by Lee, Carey Electric, Lakes Company and Roblin's Hardware.

Moose Sponsors Tot Toys Drive for Needy Children

Officers and members of the Antioch Moose lodge have adopted a resolution to support the Moose "Operation Santa Claus" campaign by sponsoring a toy collection and distribution drive for needy children, according to Bob Avery, chairman of the lodge's Civic Affairs Committee.

Each year the Moose fraternity sponsors this program internationally in an effort to assure a "Toyful" Christmas for every needy boy and girl in the United States.

Mr. Carl Schiesser, the governor of the local Moose lodge, will soon announce an organized plan whereby the people of the community may contribute either new or undamaged used toys which will be

distributed to the children on Christmas Eve.

A number of collection depots will be set up throughout the town and colorful posters made by the Women of the Moose will clearly mark these collection depots. The Moose lodge is to supply all the man power needed for the collection and distribution of the toys.

Needy children, whose names will be obtained by the Moose lodge from recognized social welfare agencies and persons, will be the recipients of these toys. All of the toys will be distributed in the Antioch area.

"We want this to be very much a local project, for our own needy children," Mr. Schiesser said.

Practicing up for "Operation Santa Claus" are present Governor of Moose Lodge No. 525, Carl Schiesser and Robert Avery, Civic Affairs Chairman.

License Plates to Be Mailed Dec. 1

Over-the-counter sale of 1962 motor vehicle license plates in Springfield and Chicago and mailing of plates will both begin Friday, December 1, Secretary of State Charles F. Carpenter announced today.

February 15 will again be the deadline for displaying current plates, Mr. Carpenter said. He emphasized that that date is a deadline for having the plates displayed on the vehicles, not merely a deadline for submitting applications.

Motorists applying by mail should have their applications in his office by February 1 to be assured of having their plates in time for the deadline, Secretary Carpenter said.

Plates will be mailed, at the rate of about 35,000 sets a day, in numerical and alphabetical sequence, a procedure made necessary by space limitations which prevent a large number of plates on hand at any particular time, Mr. Carpenter said.

Motorists who requested reassignments of numbers with letter prefixes in which the first letter is in the middle of the alphabet will not receive them until those letters are reached in the sequence, but they will all receive them in time for the display deadline, Mr. Carpenter said.

Carpenter Suspends Resident's License

Secretary of State Charles F. Carpenter has recently announced the following action by the Drivers License Division of his office affecting residents of Lake County. Thomas E. Arnesen of 800 Lake Street in Antioch has had his license suspended after three violations.

Our Choice For Magistrate

One of the most important judicial positions in the Village of Antioch will soon be filled when the voters of our community go out to vote for our new Police Magistrate.

This position is more important than it would apparently seem. The position of Police Magistrate is one where a civic-minded and honest person places himself before the community as a judge of its law-offenders. He is responsible for rendering judgment upon traffic violators, debtor's payments; just about anything unlawful people are involved in. It is a tiring, thankless and pressure-laden job. It is a job that requires extreme skill in handling people. It is a job where consideration and understanding, mixed with a determination to enforce the law, are prerequisites.

A police force and its auxiliary units are powerless without a strong and determined Magistrate, just as the residents of a community are helpless without a considerate and even-tempered judge.

A man running for this office might offer up a host of experience and just plain "know-how." He might present himself with a very concrete background of qualified leadership in police work. He might, on the surface, look like the best man for the job. That is unfortunately not always the best recommendation for this type of job.

There are those among us who feel that the only prerequisite for the job is that a man be well-versed in the law. Others feel that he must have had political office elsewhere. Still others maintain that a person too familiar with his community is dangerous, that he could not bring himself to render a lawful verdict against a friend.

None of these opinions should be entered in against a man running for the job of Police Magistrate.

Antioch is no different from any other community. We have our share of accidents. There are burglaries and acts of violence here as well as elsewhere, even though our law-breaking has been kept to a minimum. Nevertheless, someone must sit in judgment of these lawbreakers, residents or not.

In our public opinion we feel that there are certain capabilities a man must have before stepping into the responsibilities of a Police Magistrate. He must be completely trust-worthy — a man the community can place faith in, can rely upon to enforce their laws against those who act consciously against them. A man must be determined to enforce the law regardless of who is his friend and who is not. A man must be a student of human character; he must be able to understand his fellow man. A man must be honest, always placing himself in a position where he can not be "reached." A man must be aware of his own town and the people living in it. A man must be a leader, never failing to proclaim his unbiased verdict, never failing in his duties, never failing those responsible for electing him to office.

And it is our opinion that that man is Rudy Eckert.

Are you one of the select few who can say, "Oh, I have all of my Christmas shopping done!"? While the rest of us as we tear November off the calendar, suddenly panic just a little and realize that our Christmas shopping must be started! Then, of course, we all have the problem of what to get for Uncle Wallace and Aunt Hattie. You may call them by different names, but they're the ones on your list who have everything.

While rummaging through various stores in search of the gift unusual, I came across some you must be told about. I found that for Uncle Wallace I could buy a solid walnut V.I.P. yo-yo for only \$7.50, or an India Taxi Horn for \$13.95, or a solid brass hour-glass at \$9.95. For Aunt Hattie the selection was even more fantastic, a pure satin Elbow Pillow at \$13.95, a Steuben glass fish for \$35.00, or a sterling silver pill box at \$12.95!

For the child who has everything was a papier mache Noah's Ark and all the animals for \$32.95. Just so you understand how I feel, my selections were, house slippers for Aunt Hattie and a tie for Uncle Wallace.

Bud Roberts up at the IGA says he has the most unusual, very personal, gift of all. Ask him about it!

The Ray Atwoods have a new "Chip" off the old plank! If Bill Hansen looks a little older lately it's because he's been trying out the

sound of Grandpa on his ears. And the day is just around the corner they tell me.

Pres and Bev. Reckers, just back from a second honeymoon, look like radiant High School sweethearts. Heard that Jack Fields applied for his new car license plates the other day and asked for number 362236!

Grandma has a new (to me) remedy for the hiccup. She says, when you have the hiccups someone is talking about you; so the thing to do is to start thinking of people you know and when you come to the right one they will stop (the hiccups, that is).

I see there is a new pink note on the staff at the Joseph Rush's home.

At the present time, tax-supported services for children in Illinois form a "crazy-quilt" pattern. Varied and overlapping responsibilities are shared by townships, counties, and four agencies of state government—the Department of Mental Health, the Illinois Public Aid Commission, the Illinois Youth Commission and the Division of Services for Crippled Children of the University of Illinois.

Since children constitute our most valuable resource, the goal is to give both preventive and treatment services and to do so before problems become so serious that costly long-term efforts are required. Some of the services are best provided by private agencies; others must be provided directly by local or state government.

To improve both quality and coverage of services, a Children's Services Division of the Department of Mental Health was established recently to administer the non-psychiatric programs for children in the department. This division includes seven regional offices and five institutions offering programs for dependent and handicapped children.

The regional offices are responsible for child placement, counseling of parents of the handicapped and the mentally retarded, and licensing of child care facilities. They should have the means to provide a variety of services to families where private resources are not available.

The five institutions include: Illinois Braille and Sight Saving School and Illinois School for the Deaf, both at Jacksonville; Illinois Soldiers' and Sailors' Children's School, Normal; Southern Illinois Children's Service Center, Hurst;

and the Illinois Children's Hospital-School, in Chicago, for severely physically handicapped children.

Today, many parents are confused about where to get services. To reduce this confusion, our aim is to make at least most state-operated services for children available from the same regional centers. We plan to provide separate administrative and service offices for non-psychiatric children's programs on the grounds of the proposed community centered mental health clinics. Additional branch and county offices will assist in making services available locally.

We are recommending legislation for the Division of Children's Services to become a separate administrative unit in 1963 under its own director. The ultimate structure will be determined after a legislative study commission reports its findings to me and to the General Assembly. Next week I will discuss mental retardation and the programs Illinois is instituting in this area.

More than 100 Red Cross Gray Ladies from Lake County provided valuable, volunteer services at the Great Lakes Naval Hospital; Downey V. A. Hospital; and the Lake County Home, last year.

The American Experience

By Ray Fuechner

Two recent publishing projects in the field of early American history are Columbia University Press's "The Papers of Alexander Hamilton" and the Belknap Press's

Inside Antioch High

By Mike Brooks

The Student Council and the student body worked co-operatively to make the dress-up day last Wednesday, November 22, the best yet. Mr. Dittman suggested to the Student Council that it would be nice to have one of these days every month. The whole attitude of the

"The Adams Papers." These ventures serve to remind us that much still remains to be written upon the many events, ideas, and personalities that influenced the shaping of our nation.

The amount of laborious research which such projects entail is often difficult to imagine. "The Papers of Alexander Hamilton," for example, begun six years ago, is not expected to reach completion for another five years. When complete, "The Papers" will comprise some twenty volumes. So far, only two of them have been issued. They chronicle Hamilton's life from his writings up to his mid-twenties. The two volumes contain a total of 1337 pages. Projecting this into twenty volumes the series can be expected to reach some 13,000 pages.

An even more ambitious undertaking is the publication of "The Adams Papers." Five generations of the Adams family will be covered in what will eventually amount to eighty to a hundred volumes. Four of the volumes have so far been published, all concerning John Adams—his "Diary" and "Autobiography." Still remaining to be published are the diary of John Quincy Adams, the diary of Charles Francis Adams, the journals of Mrs. John Quincy Adams, as well as the love letters of John Adams and Abigail, and all the correspondence of the members of this illustrious family.

These sets will naturally be expensive, but will, however, be distributed to libraries on microfilm for the use of future historians. Their purchase by an individual, as well as any small library, would be relatively useless unless one was already an authority in the field. These books are not intended for light summer reading.

Well, then, you may ask, what use are they? I will answer: besides their obvious use for scholarly research, they form an important part of our past. This, in itself, is in my mind sufficient reason to justify these undertakings. These vast projects form, as it were, a printed testament of our regard for our American heritage. Just as upon the death of someone we have loved and respected, we wish to preserve the memory of that person, so too is it vitally necessary for us to remember our own American heritage.

Perhaps nationalism and patriotism are not in vogue today. The great sense of wonder and admiration which once caused us to look up to the great men of the American past seems to have diminished to some degree beneath a world crisis which forces us to occupy ourselves with international problems. It would be a grave mistake, however, if we were to neglect our own heritage, if we were not to preserve for our own children and those of future generations the living thoughts of our patriots and Founding Fathers.

Even though the ordinary person may never read or even see a collection of American documents such as "The Papers of Alexander Hamilton" or "The Adams Papers," he can nonetheless at least be aware of their importance and value.

school seemed much more pleasant than usual. I know that I wasn't the only one that recognized more smiles and "hi's" in the corridors. One teacher said, "Everyone looks so nice. It's a good idea, because many of the teachers never get to see their students dressed up." Another remarked, "Today, the teachers are the sloppy ones." The students in Mr. Stillson's woodshop were much too dressed up to attend to their usual duties, so they were allowed to make three minute talks. I understand that Ann Landers and "Annie Mae" might have had a real field day, if they had been there.

Many students returned to school on Monday with their stomachs full of Thanksgiving turkey and their freezers filled with pheasant. Mr. Gudgel, a mathematics teacher, spent the long weekend visiting and hunting in Southern Indiana. He reported that he bagged a plentiful supply of 6 geese and 48 quail. Good shooting, Mr. G!

Friday evening, December 1, at 7 p.m., Antioch meets Wauconda in the first home and first 1961-62 Northwest Suburban Conference basketball game. Also on Friday night, the Wrestling Squad tangles with Wauconda at Wauconda at 7 p.m. This is a new sport this year at ATHS and one that should prove to be a great addition.

Friday, December 1, marks the end of the second six weeks grading period. Grades will be given out the following Wednesday.

Sunday afternoon, December 3, 3 p.m., the Fine Arts Department of Antioch High will present the annual Christmas Gift Concert. The admission is free. A very fine program is planned. Refreshments will be served following the concert.

Several Seniors are going to take the Scholastic Aptitude Test (SAT) Saturday morning, December 2. The test is not given at Antioch, but at several nearby schools. The majority of the Antioch students are going to Lake Forest.

They should plan to arrive at the test center at 8:30 a.m. The test will begin at 9 a.m. No students will be admitted after the test has started. The test is required by many colleges as one of the admission standards.

Jet-smooth ride, n. 1. The cloud-9 feeling of comfort that people in Chevrolets enjoy wherever they go. 2. A supple Full Coil spring flexing at each wheel of a Chevrolet to absorb road shock. These are teamed with over 700 noise and vibration filters throughout the automobile to help eliminate the noise and vibration ordinarily transmitted by metal-to-metal contact. The total effect is a ride of supreme quiet and smoothness. 3. The reason why so many Chevrolet-owning families leave home ever so happily. 4. A habit-forming pleasure for which no cure is known, wanted or sought.

new V8-skedaddle, n. 1. The result of touching an accelerator that's linked to one of Chevrolet's new V8 engines (also known as "six-skedaddle" when engine is Chevrolet's trusty 135-hp. Six). 2. The moving power of Chevrolet's 1962 V8 engines. There are five of them, ranging from a standard 170-hp. version up to an optional-at-extra-cost 409-hp. powerhouse.

Body by Fisher craftsmanship, n. 1. The closest that a body manufacturer has come to the care and skill of the jewelry maker. 2. The art and science of forming metal into the strong, solid body structure of the 1962 Chevrolet. 3. Something you won't find in any other car in Chevrolet's field.

deep-well trunk, n. 1. The giant warehouse built into the rear of a 1962 Chevrolet. 2. A trunk that loads at the bumper level and has a capacity of 29.7 cubic feet. It is built with an extra-deep recession in its floor so that it can easily accept odd-shaped outside objects.

comfort-high seats, n. Thought by many to be the most comfortable things to happen to the bottom side of the human lap since dad's overstuffed armchair.

front fender underskirts, n. 1. Sturdy steel linings that are under the front fenders of 1962 Chevrolets to add extra protection against flying stones, mud, slush, road salt and that old bugaboo, corrosion. 2. One of many ways the Chevrolet is built to stay beautiful.

rich new interiors, n. One of the principal reasons why people step into the 1962 Chevrolets and promptly feel luxurious all over.

One-Stop Shopping Center, n. 1. Where people go to get the most car for their money and get exactly the kind of car they want. 2. A concentration point for the 33 cars Chevrolet offers for 1962. These come in three lines: The elegant new Jet-smooth Chevrolet, the new-size Chevy II, the sporty new Corvair, and the new Corvette, with new refinements, new V8 power. 3. Where '62 values are way up but prices are the same—or less—on comparably equipped models. 4. The place where you

enter a new world of worth in automobiles. 5. Where most Americans go for a pleasant, instant cure the moment the new-car, bug bites them.

Junior Police

Movies were shown at the Lindenhurst Junior Police meeting last week, and several boys registered for membership.

Ron Coles announced that there would be no meetings during the

month of December. The next meeting will be January 2. Helpers are badly needed. If you can spare an hour twice a month, first and third Tuesdays, from 7 to 8 p.m., please contact Coles.

If enough boys will participate in a model car contest a dealer in Grayslake will furnish prizes. If the cars are purchased from him.

FOLLOW THE LIGHTS
TO OUR NEW

MERCURY METEOR

...it's a new-size Mercury...beautifully balanced between big cars and compacts...and it's new in Chicagoland tonight!

There's something new to see in automobiles this year and its name is Meteor! It's Mercury's answer to the "big-or-little-car" question. Big enough and bold enough to give the comfort and action you want, yet it's as agile as an antelope, and so economical you'll swear it burns only air!

Meteor needs service only twice a year! 6,000 miles between oil changes and minor lubrications, 30,000 miles between major lubrications. Antifreeze lasts two years or 30,000 miles. Brakes adjust themselves.

Look at Meteor's big-car features...Cushion-link Suspension and unitized body with "torque box" design let you ride vibration-free • 116.5-inch wheelbase and 203.8-inch length make it ride like a big car, handle like a compact • Deluxe upholstery and appointments, even an ammeter and an oil-pressure gauge • 31.6-cubic foot trunk is big enough to hold 15 suitcases • Choice of two thrifty engines—a "6" and a high-performance V-8 • Power steering and power brakes available.

...then compare Meteor's compact-car prices!

Mercury Monterey—
in the Mercury tradition of excellence

Mercury Comet—
the compact with good sense and the record to prove it

Channel Lake News

By Mrs. Pearl Kapell

The Channel Lake Community Club will hold its regular meeting on Tuesday, Dec. 5, at the Channel Lake School. Club members are planning an issue of the news bulletin, which used to be put out regularly by the club. It will be delivered free to all mail boxes in the district. All parents, and especially parents of Scouts, will find this issue of interest.

The Dollar Sale sponsored by the P.T.A. will be held Dec. 8 and 9, at the Channel Lake School, and will feature many Christmas items. The public is invited to view the fly-up ceremonies of the Brownies of Troop 177, to be held Dec. 10, at 3 p.m. at the school. A potluck supper will be served.

The regular meeting of the P.T.A. has been moved up to Wednesday, Dec. 13. The program will feature songs by the Junior chorus, under the direction of Mrs. Grace Amendola.

Miss Lorna Berglund of St. Paul, Minn., and Bud Kapell, son of Mr. and Mrs. Henry Kapell of Channel Lake, were united in marriage in a candlelight ceremony at the Payne Avenue Baptist Church in St. Paul at 8 p.m. on Saturday, Nov. 25. A reception was held in the church hall following the ceremony.

Bob Shelton, son of Mrs. John Bierman of Channel Lake, has been visiting his mother and other members of his family in the area for the last two weeks. He left Thanksgiving Day for Fort Dix.

Mr. and Mrs. John Bierman and family spent Thanksgiving at the home of Mrs. Bierman's sister, the Howard Hindmans of Mount Carroll, Ill. They report that as they drove west, they ran out of the drippy gloom which held through Thursday here, and had their Thanksgiving dinner with sunshine.

Mrs. Richard Kalk, Wilmet Road, broke a rib when she fell at her home last Tuesday. She's at home, but has orders to take it easy. With six offspring, including a nearly new baby, that's not easy.

George Hucker, Tom Chase, Bill Chase, Dave Runyard, George Ballitz, George Deegan and Wayne Dowell returned Monday from a ten-day deer hunting trip to Rib Lake, Wis. Bill Chase bagged an eight point buck, George Deegan, a six-pointer.

The rest just got back. If you've seen the fancy foliage worn by various members of this group, you might feel they were fortunate. THEY didn't get bagged by some enthusiastic hunter. They might have been mistaken for Abominable Snowmen.

Another group of deer hunters—John Runyard, Tom Runyard, Dick Rogers, Doug Runyard and Kenny Runyard returned recently from ten days spent at Hurley, Wis. No deer—just a coyote.

Mr. and Mrs. Ray Atwood are the parents of a potential Cub Scout—William Charles, born Friday, Nov. 24, at Victory Memorial Hospital. William weighed in at seven pounds fifteen ounces. He was named after both his grandfathers, and is the thirteenth grandchild of Mr. and Mrs. Charles Atwood.

Mr. and Mrs. Harold Atwood of Benton Harbor, Mich., spent the weekend at the home of his parents, Mr. and Mrs. Charles Atwood of Channel Lake. The Harold Atwoods (both teachers) had been attending a Social Studies Teachers' Convention in Chicago.

The A team of the Channel Lake basketball team won its second home game 40-18. The opposing team was from the Lotus school. The B squad of Channel Lake also won 19-13.

Antioch Squad Edges Mundelein Team 42-41

By Mike Brooks

Antioch dampened the dedication ceremonies at the new Mundelein High School Wednesday night by winning both games. The Frosh-Soph squad took the opener 37-24 and the Varsity edged out the Mundelein Mustangs 42-41 in a real thriller.

It was a nip and tuck battle all the way that saw the lead change hands 7 times in the final quarter.

Mundelein held a 12-10 advantage at the end of the first period and by halftime, they had increased it to 7 points, the widest margin either team built up in the contest, 23-16. Antioch began to nibble away at the lead and the Mustangs led by only one point at the end of the third stanza.

With 20 seconds left in the fourth period, Sequoit, John Hallway intercepted a bad pass and turned it into a basket that gave Antioch the lead.

With 2 seconds left to go, Mundelein lost its chance of victory when they missed on the first of a one-and-one free throw situation.

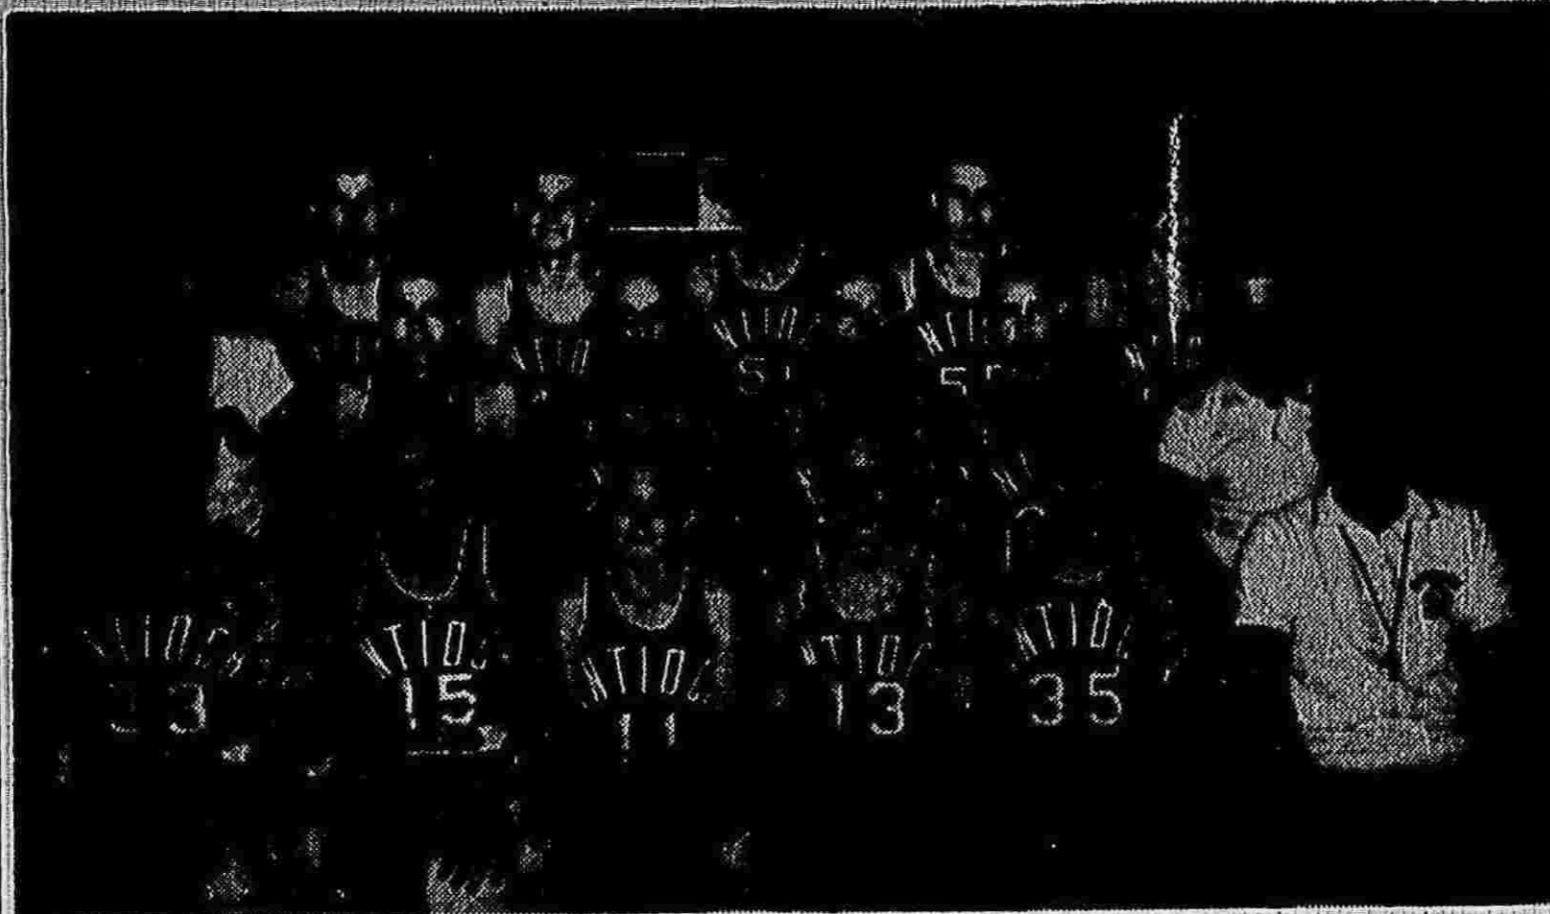

Bill Ozga, Bob Kubicki and John Hallway shared scoring honors for the victors with 12, 11, and 10 respectively.

The starting line-up found Brownlee and Kubicki at the guard slots, Pogose at center, Ozga and Lang at the forward positions. Joe Pleviak, Bob Krieger and Bud Dittman also spent considerable time in the court. Lively and deceptive 5' 2" guard Jim Brownlee and John Hallway led Antioch's second half drive.

The Sequoits attempted 44 field goals and made 17—38.6%. Mundelein attempted 62 and completed 18—29.0%. In the free throw department, Antioch sank 8 out of 14—57.1% and Mundelein, 9 out of 14—64.2%. Antioch grabbed 32 rebounds while the Mustangs got 23.

Larry Leon, Varsity coach, stated, "Both teams were very conscious of early game mistakes, so both teams played a deliberate type of game."

Saterfield and Oilschlager at the forward positions, Smith at center, Lear and Gates in the guard slots were the starting five for Antioch in the Frosh-Soph tilt. The final score stood at 37-24 in favor of the Sequoits.

Waiting to take to the floor are basketball courtiers of Antioch Township High School with their coach Larry Leon. The Sequoits won their first game against Mundelein 42-41.
